Einrichtung Email How do I set up my eMail account on my iPhone ?

When setting up the mail wizard on the iPhone you will have to add an account first ... Tap on "Other"

and then on Add Mail Account.

Now enter your account information and tap on the "Save" button.

Thereby you can specify an eMail name and a description of your mail account.

Now you have to provide additional information that are required for creating the account. It's important that "IMAP" is selected as protocoll.

Specify the EUserv server data for your incoming eMails.

The hostname is *imap.euserv.de*. Enter your username and your password.

Now you can use "Mail" and send/receive your eMails at EUserv.

How can I create new folders (mail boxes) with "Mail"?

Therefore choose "Settings" on your home screen and select "Mail, Contacts, Calendars".
