Software-Installer

How can I access the administration panel of LimeSurvey ?

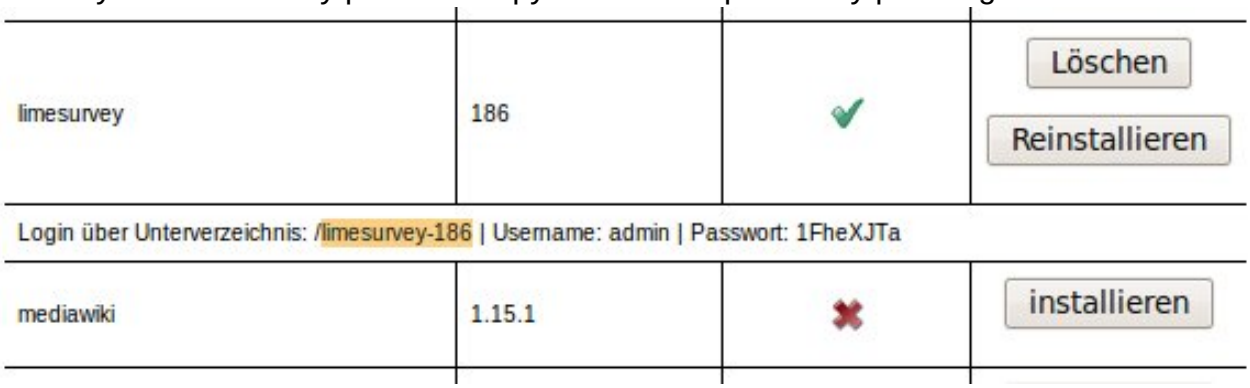

1. Choose your contract in the customer center.

2. Select the entry "Software-Installation" from the middle menu in the category "Webspace".

3. Select your LimeSurvey path and copy it into the clipboard by pressing "Ctrl+C".

4. Now open a new tab or a new browser window, enter your domain and paste the path from your clipboard at the end, using "Ctrl+V".

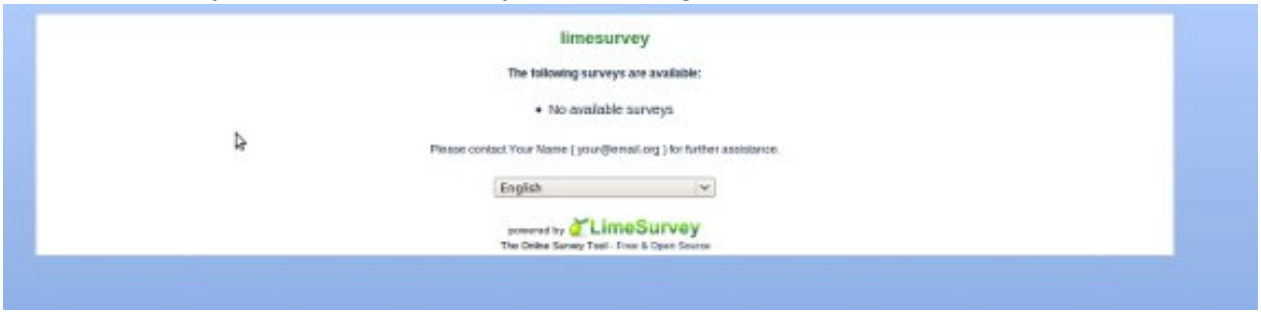

5. Now confirm your input with "Enter", after that the systems detects your URL and sets up the configuration.

Bitte warten,die Seite wird zum ersten mal gestartet.

Note: The system has to be started with the **main addresse first** since only by doing so the the **configuration** can be completed.

6. As soon as you can see the standard screen you are able to log in to the admin interface. In order to do so switch back to the customer center and copy the administration password into the clipboard, using "Ctrl+C".
