Log in with your username and password for the Webmail here.

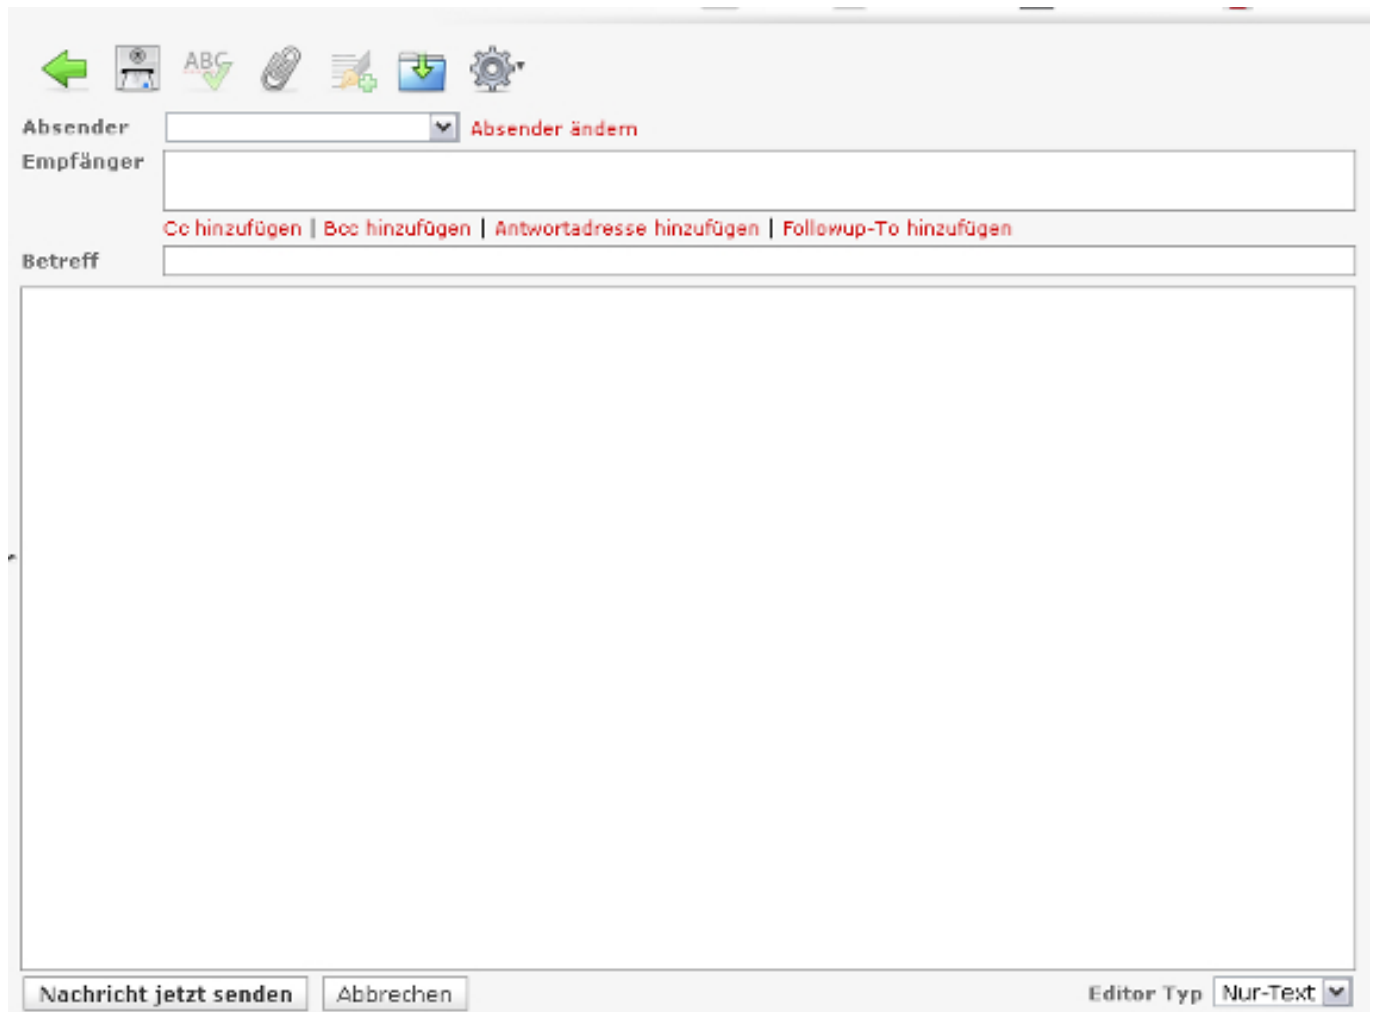

You will find your data on the EUser homepage <http://www.euserv.de> under Kundencenter ? Anmeldung ? Vertrag auswählen ? Mail-Accounts.

The user interface of the Webmail lists your folders on the left side. Here your drafts, deleted, sent and Spam eMails can be stored. When the inbox is selected all retrieved mails are listed in the main window with subject, sender, date and size.

Webmail

Above this bar you can see various icons. The first one checks if new messages are incoming. With the adjoining icon you can write a new eMail.

The screenshot shows a webmail composition window. At the top, there is a toolbar with icons for back, forward, spell check (ABC), attachments, a plus sign, a download arrow, and a settings gear. Below the toolbar are three input fields: 'Absender' (Sender) with a dropdown arrow and a red link 'Absender ändern'; 'Empfänger' (Recipient) with a large text area; and 'Betreff' (Subject) with a text area. Between the 'Empfänger' and 'Betreff' fields, there are four red links: 'Cc hinzufügen', 'Bcc hinzufügen', 'Antwortadresse hinzufügen', and 'Followup-To hinzufügen'. At the bottom of the window, there are two buttons: 'Nachricht jetzt senden' (Send message now) and 'Abbrechen' (Cancel). On the right side, there is a label 'Editor Typ' followed by a dropdown menu currently set to 'Nur-Text' (Text only).

When you write a new eMail you are displayed as the sender on top. The recipient can be entered into the text field below. Additionally you can enter your eMail's subject.

Enter the message you want to send into the big text field.

With the icons above you can send the eMail, check the spelling, append a file, append a signature, save the message and choose further options.

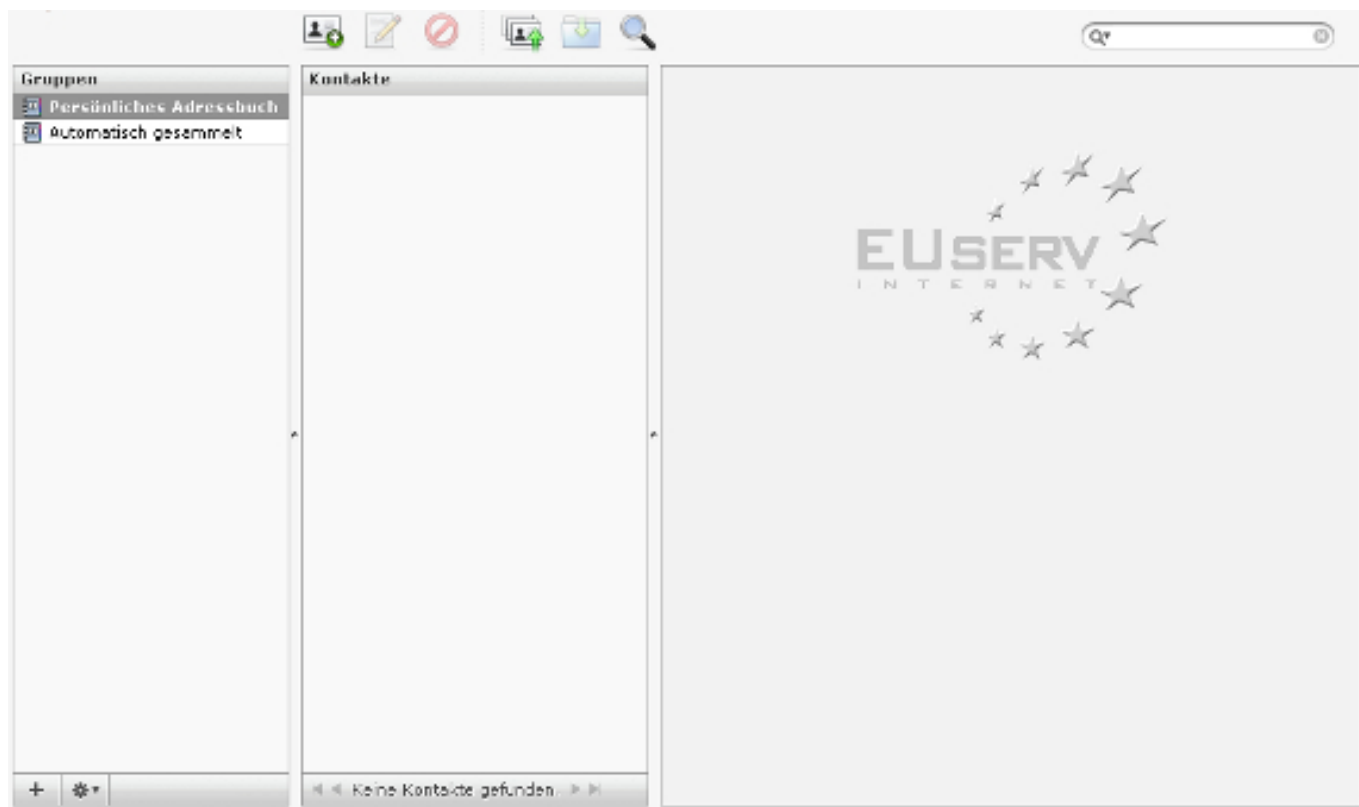

In the window adjoining to the left you will see your appended files. In order to send the message either click the "Nachricht jetzt senden" button or on the corresponding icon above.

When selecting 'Editor-Typ' ? HTML downright you can write a design-mail where you can determine your individual font, layout, colour etc.

Webmail

By clicking on the eMail icon top right you get back to your inbox.

There you will also find the address book icon which creates an address book for you.

Here you can create a new contact by selecting the icon above the contact overview.

Feld hinzufügen...

When you have created contacts in one of your address book groups all contacts are displayed in this windows.

By selecting one of the adjoining icons you can write a message, delete a contact, import contacts, export contacts in the vCard format and search for contacts.

Webmail

Kontakte importieren

Sie können Kontakte aus einem bestehenden Adressbuch hochladen. Zur Zeit können Adressbücher im vCard-Format importiert werden.

Import aus Datei: [Datei auswählen](#) Keine ausgewählt

Einen neuen Kontakt hinzufügen: [Persönliches Adressbuch](#)

☐ Bestehendes Adressbuch komplett ersetzen

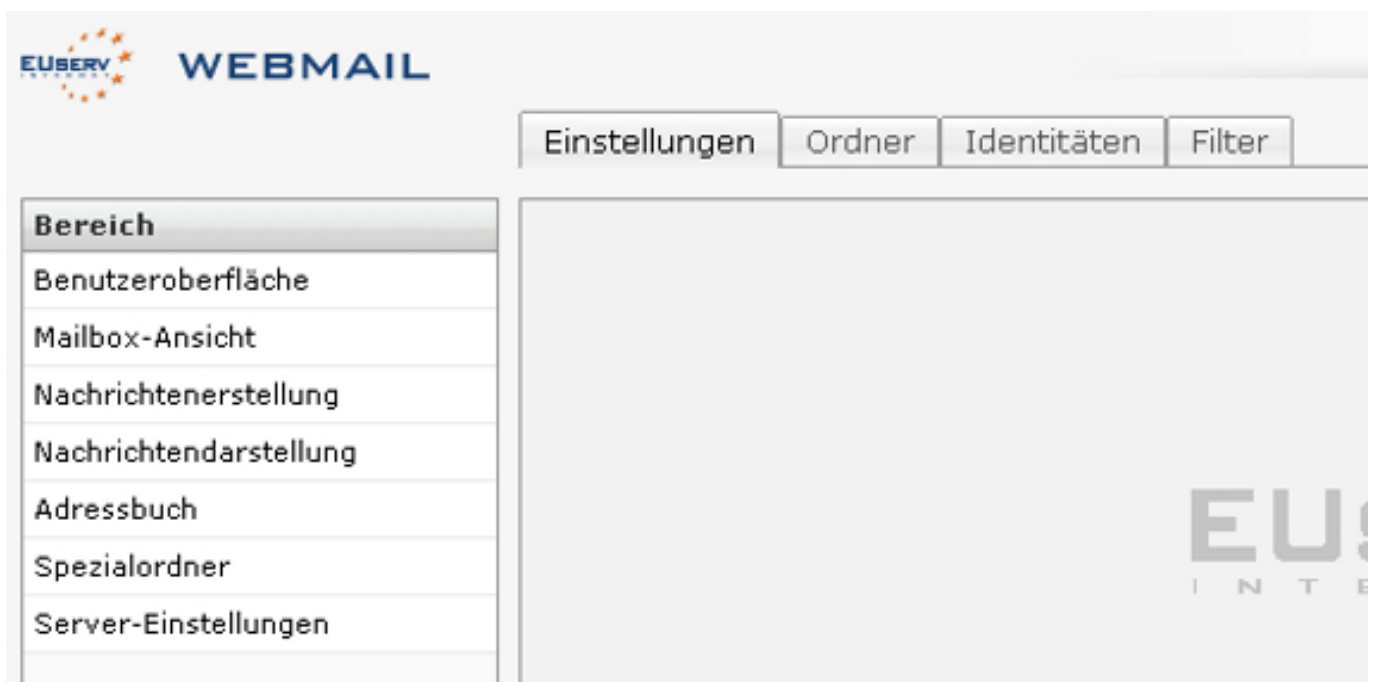

[Abbrechen](#) [Importieren](#)

If you want to import contacts you can do this by selecting a vCard file.

Click on the button 'Datei auswählen'.

Moreover an existing address book which is stored locally can be completely be replaced. After you have selected the file you want to import click on the "Importieren" button below.

With the icon "Einstellungen" (situated top right) you can adjust your Webmail individually. If the tab "Einstellungen" is selected you will see a navigation menu on the left side where you can adjust the user surface, mail box appearance, message creation, address book, special folders and server settings.

Webmail

When selecting the "Ordner" tab you can decide which eMail folders shall be displayed by choosing the folders.

By selecting the tab 'Identitäten' you can specify your identities.

The screenshot displays the 'Identitäten' (Identities) management interface in a webmail client. At the top, there are navigation tabs: 'Einstellungen', 'Ordner', 'Identitäten' (which is active), and 'Filter'. On the left, a sidebar shows 'Identitäten' as the selected section. The main content area is titled 'Eintrag bearbeiten' (Edit entry). It features two sub-tabs: 'Einstellungen' (Settings) and 'Signatur' (Signature). Under the 'Einstellungen' tab, there are several configuration options: 'Angezeigter Name' (Displayed name), 'E-Mail', 'Organisation', 'Antwort an' (Reply to), and 'Blindkopie' (Blind copy), each with an adjacent text input field. Below these is a checkbox labeled 'Als Standard' (As default), which is currently checked. At the bottom of the form are two buttons: 'Löschen' (Delete) and 'Speichern' (Save).

Thereby you can modify your displayed name (visible for the recipients), enter your company's/organization's name, send a blind carbon copy etc.

Moreover you can create a signature which will be appended at the end of the message when sending an eMail.

By selecting the 'Filter' tab you get to the settings where you can see your configured eMail filters.

By selecting the last Icon 'Abmelden' top right you are logged out safely and leaving the Webmail.
