Operation systems and software
Where can I find the login data for the webpanel of SolusVM?

Your login data for webpanel of SolusVM can be found in the MOTD after connecting to your server via SSH. Please proceed as follows:

- Log into the customer panel at https://support.euserv.de.
- Select your server contract.
- Click on Serverdata.
- Note the IP address and the default password.
- Connect to your server via SSH.
- Take the login data for the webpanel of SolusVM from MOTD.

You can now log into the webpanel of SolusVM with these login data.
